---

- o Tenacious, innovative Web Developer with a strong background in UI/UX Design. Passionate about developing web apps that provide the best user experience. Concerned about code optimization as well as keeping up to date with pertinent web technologies in order to maximize the full potential of modern web development.

TECHNICAL SKILLS_____

Proficient in,

- o HTML, CSS, UI/UX-Design, JavaScript, React.js, Version-Control

Currently learning,

- o Firebase: User-auth, databases, Node.js, Vue.js, Tailwind CSS, Unit Testing

WORK EXPERIENCE_____

➢ **Current:**
  - o Teamed up with a senior back-end developer to collaborate on a digital product. My responsibilities are predominantly developing the GUI for the app using React. In addition, I am helping with the UI design and also gaining exposure to the backend while learning firebase

➢ **2020-Current: JavaScript developer**
  - o Developed two generic dev portfolio web sites which I have made available to the open-source community
  - o Successfully contracted work as a freelance developer for a small business, including the design, development, and upkeep of their website
  - o Improved on bootcamp projects by adding additional functionality and styling as well as coding my own apps
    * Please see my portfolio site as well as many other projects on my GitHub account

➢ **2015-Current: Small Business Owner**
  - o Production and management of large-scale fine-art projects
  - o Successfully dealt with customer relations both during and post-production

➢ **2007-2010: Freelancer- Multimedia/Graphic Design**
  - o Designed and managed a web site for an Airbnb and other small projects

➢ **2006-2007: Multimedia and web designer at Realtime pictures, JHB South Africa**
  - o Part of design team working on an education package, as well as managed the company website

EDUCATION_____

➢ **Web Development Courses**

  - o **Fundamental training:** HTML, CSS, JavaScript
  - o Advanced JavaScript concepts
  - o React Bootcamp
  - o Front End developer track *@scrimba*

➢ **B.A (Hons) Multimedia Design,** GDC College, Johannesburg (accredited by the Nottingham Trent University)
